

## SUMMONED BY TWO DEPOSITION MILLS.

Taking testimony in Horton-Butler contest begins simultaneously in two offices.

## BUTLER IS IN A QUANDARY.

Puzzled About Physical Task Imposed, but Confident That Contestant Will Not Prove Prima Facie Case.

Depositions in the contest of William M. Horton for the seat of James J. Butler, elected to Congress from the Twelfth Congressional District of Missouri, will be taken to-morrow. A peculiar feature of this phase of the contest is that depositions will be taken simultaneously in two different offices, before two different Notaries. The contest, Mr. Butler, was yesterday served with notice to appear before two "deposition mills," situated 100 yards apart, at the same hour, to defend himself against the charges brought against him by Republicans acting for his defeated opponent, Horton. In consequence, Mr. Butler is in a quandary as to how he can meet the legal requirements in both cases without embarrassing himself physically.

"I don't embarrass myself physically," said Butler yesterday, commenting on the situation, "my political enemies may succeed in embarrassing me from Congress, and that's a joke in either case."

One of the notices informed Mr. Butler that the taking of depositions in the contest of Horton vs. Butler, will begin at 10 o'clock to-morrow morning in room No. 802 of the Bank of Commerce building, before Notary Arthur E. M.oney. The witnesses whose depositions are to be taken are: John B. Owen, Norman Florsheim, Horace G. Heide, P. W. Baumhoff, William Sachs, William H. Claiborne and John B. Hill.

The other notice informs him that depositions will be taken at the same hour to-morrow in the office of Wm. E. Fisse, in the LaCade building, before Notary Charles E. Weller.

Those of John D. Becker and Louis Dickman, both Republicans, and the latter an employee of the Election Commissioner's office; President Harry Hawes of the Police Board, Chief of Police Campbell, Election Commissioners McCaffrey, Kingsland and Kohlenstein, and William H. Claiborne and John B. Hill.

Butler's answer to the notice of contest served on him by Horton was formally served on him, through his attorneys Saturday. His answer is a sweeping denial of each charge contained in the petition of contest filed by the contestant.

Thirty days will be allowed each side for the taking of testimony in the contest. Butler is called upon to present any testimony in support of his case, and to introduce additional days to present any testimony. From what could be learned yesterday, it is impossible to tell whether the additional ten days will be required, as Butler is confident the contestant will not be able to make out a prima facie case on the evidence now in his possession, or which can be secured later, and he declares that he will not be called upon to introduce any contradictory evidence to make a defense.

**IN TINKER'S RETURN.**  
Prepare a Reception to Their Strength.

Tinker, candidate for the nomination for Governor, arrived in the East, which he is expected to leave on Sunday. He will meet a reception and business friends who accompanied a homecoming.

Arrangements are now under way by a few of Mr. Tinker's friends to give him a "meeting" commensurate with the honor to which he aspires.

The real purpose of the reception, aside from motives of friendship, is said to be to show the strength of Tinker's boom in the West. He is an avowed candidate for the office, and in his absence his friends have been exceedingly active in his behalf. They propose to make his return the occasion for an exhibition of his strength in the community.

Although the arrangements for the reception have not been completed, it has been decided that the train bearing Mr. Tinker will be met at Union Station by a committee of business men and politicians in a band of music and carriage.

Reported to the headquarters in the Columbia Theater building, followed by a procession of his adherents and workers on foot. Barrett says he has assurances that there will be at least 1,000 men in the procession.

The Tinker, it is proposed to be very much in evidence also at the inauguration of Governor Decker, and are making arrangements to offer the demonstration of the Tinker Club in capital.

At the Tinker headquarters yesterday, in charge reported that everything was moving smoothly and that on every hand they were receiving encouraging reports. Notwithstanding this, everything seems to be in a state of expectancy, awaiting the arrival of the candidate himself.

The quarters are being renovated and decorated in anticipation of Mr. Tinker's return.

**FIVE DEPUTIES ARE APPROVED.**  
Circuit Judges Reject S. C. Jolly and Fred Kinsing.

The Circuit Judges in general term yesterday resumed their examination of the appointments of Sheriff-elect Dickinson. They approved the following: James P. Mc-

Henry, T. J. Jolly, and Fred Kinsing.

Mr. Jolly, who is a member of the Illinois State Board of Pharmacy for the term ending December 30, 1906. Mr. Dyche is named to succeed himself.

**Named to Succeed Himself.**  
Springfield, Ill., Dec. 31.—Governor Tanner to-day appointed William A. Dyche of Evanston to a member of the Illinois State Board of Pharmacy for the term ending December 30, 1906. Mr. Dyche is named to succeed himself.

**Mrs. Caroline Martin Dead.**  
Topeka, Kan., Dec. 31.—Mrs. Caroline Martin, wife of ex-United States Senator John Martin, died to-day. She had been an invalid for thirty years. She was a native of Tennessee and had lived in Kansas fifty years.

**Celebrated Golden Wedding.**  
Nashville, Ill., Dec. 31.—Charles Carson and wife, residing south of this city, yesterday celebrated the fiftieth anniversary of their marriage. Mr. and Mrs. Carson are both more than 70 years old. The anniversary was attended by a large gathering of the old couple's relatives and friends from this city and elsewhere.

**Receiver of Cleveland Iron Works.**  
Cleveland, O., Dec. 31.—H. H. Hammond was to-day appointed receiver of the Excelsior Iron Works in this city. The assets and liabilities have not yet been made public. The receiver furnished bond in the sum of \$50,000.

**Brain Always Did and Always Will Command a Higher Salary than Muscle.**  
If you have a few moments to spare, read the advertisement in to-day's issue.

## MONETARY CRISIS IN THE PHILIPPINES.

Commission Appeals to Congress for Prompt Action in Remedy of Conditions.

## STOCK SILVER DISAPPEARING.

Insular Government Finds It Impossible to Continue Ratio of Two to One Between Mexican and American Money.

Washington, Dec. 31.—The Secretary of War has communicated to Congress a cablegram from the Philippine Commission indicating a grave crisis in the monetary affairs of the archipelago. The message was communicated to Congress in connection with a mass of memoranda bearing on the problem which is now to be solved, as to the continuance of some kind of silver to take the place of the Mexican dollar in the Philippines.

The commission has called the stock silver in the islands is rapidly disappearing, and they urgently request an answer to the message sent by them of date September 5, setting out the necessity for prompt action, and asking what remedy shall be applied.

It has been found impossible, apparently, to continue the ratio of 5 to 1 established and maintained arbitrarily, and the Mexican money is being drained away. Two of the most serious causes of the difficulty for the army disbursing officers to transact their business.

**NEW SCHEME OF TAXATION.**  
Manila, Dec. 31.—The Philippine Commission has completed the preparation of a general municipal government bill. The provisions, in many respects, are similar to the MacArthur order establishing municipal governments and authorizing elections, but they are much more elaborate, covering all details.

The most important new feature is the establishment of land taxation and doing away with the sedula (or head tax), and taxation on people's property. The manner in which the revenue from land taxes is to be expended, the Philippine Commission has prescribed.

It is decided in the San Jose Medical College has been deferred until Saturday.

**Guam Natives Suffer Hunger.**  
General Frederick D. Grant wires that General Alejandro's men are trying to escape from Mount Arayat. Two of them were killed Sunday. There is no water on the mountain and food is scarce.

General Grant reports that the Fourth Infantry and the Fourth Cavalry in Cavite Province have captured 100 armed insurgents, possibly taking the form of the camps at Anabao and Malangan.

Captain Biddle, Chief of Engineers, has returned on the transport "Albatross" from the island of Guam. He says the conditions there have greatly improved by the planting of rice.

The Archbishop in United States territory, laden with supplies, is expected to arrive in Manila tomorrow. He is expected to stay in Manila for some time.

There is much suffering from hunger in the outlying districts of Guam, but no two-thirds of the island is under cultivation. At Agaña, the chief city of the island, and in its vicinity.

**MAJOR G. F. HERRIOTT IS DEAD.**  
Life's Sudden End Due to Attack of Heart Disease.

Major George F. Herriott, well known in military circles in this country, died yesterday morning of heart disease at his residence at Wood Lake, near Chicago. He was 59 years old.

Major Herriott came here from Indiana in 1884 and for the last ten years has been a prominent figure in the livestock trade. He conducted his business at the National Stock yards and received Edwin Johnson, who was killed yesterday, on the right side of the market. Later he started a police force in North Little Rock, Ark., and was several times mentioned for gallantry.

He was mustered out of the Tenth Indiana Cavalry at the close of the war and received a number of honors from his comrades on that occasion. He was twice a member of the Grand Army of the Republic, and in 1895 to Miss Mary Crawford, daughter of the late James Crawford of this city.

Mrs. Wm. E. Herriott, widow of Major G. F. Herriott, is a member of the Grand Army of the Republic, and was a member of the Tenth Indiana Cavalry. She is now residing in Chicago.

## KANSAS CITY'S BALL A SUCCESS.

Twelve Thousand Persons Attended the Gorgeous Entertainment in Convention Hall.

## OLD CENTURY DANCED AWAY.

Clever Electrical Conceit Portrayed the Dying Last Hour, and Brilliantly Heralded Advent of New Cycle.

It had been promised that the decorations and electric lighting effects would be superb. They could not have been surpassed. The great hall, with its 2,000 dancers and 10,000 spectators was a blaze of crimson lights. From the base of the first balcony, caught up to a false ceiling, were run fifty streamers of ropes of evergreens.

The false ceiling to which they were anchored measured 100 feet by about 50, being framework, covered with white sheeting. On the false ceiling, the decorations were of a brilliant and brilliant nature. Among them were some twenty grand-scale white lamps, the only illuminating lights in the hall.

From the center of the ceiling, there hung a great ball, 40 feet in circumference. Its fabric of smilax twined of crimson, and its great tassel of white, and it was a frame holding incandescent lamps in the center.

One of these was a house lamp. Until 11 o'clock all that could be seen on the false ceiling was a border of green lights and the outlines of an hourglass. At 11 o'clock the top half of the glass flashed into light, and the bottom half of the glass flashed into light.

At 11 o'clock the top half of the glass flashed into light, and the bottom half of the glass flashed into light. At 11 o'clock the top half of the glass flashed into light, and the bottom half of the glass flashed into light.
